

In the Abstract:

ABSTRACT OF THE DISCLOSURE

~~A CABLE PACKAGING AND UNWINDING DEVICE~~

~~The invention relates to a~~ A cable packaging and unwinding device. The device enables the exact length of cable necessary for connecting two connection points to be unwound easily and quickly and a residual surplus length of cable to be stowed in a protected area, to prevent the cable from being subjected to any twisting or crushing and to obtain a reliable connection between the two connection points.
